

# Mp3 Rodney Holmes - Twelve Months Of October

[DOWNLOAD HERE](#)

A hybrid of electronica with the intensity of rock, and the expansiveness of jazz. 14 MP3 Songs  
ELECTRONIC: Breakbeat/Breaks, ROCK: Progressive Rock Details: RODNEY HOLMES is one of today's most talked about and respected drummers. His talents as a composer and producer are showcased on this highly anticipated solo debut. Rodney has worked and recorded with some of the most respected musicians in both rock, and jazz worlds. Carlos Santana, Rob Thomas, Wayne Shorter, Michael Brecker, Randy Brecker, Joe Zawinul, are just a few examples. Rodney is currently a member of The Steve Kimock Band. TWELVE MONTHS OF OCTOBER is electronic based music with a different kind of vision. Rodney manages to pull together many different elements to create a uniquely exciting, yet thought provoking hybrid of dance and progressive music. Blending live performances with elements of breakbeat, techno, progressive rock and jazz. Even though this CD is difficult to categorize, the intensity of the playing, melodic compositions, and the almost cinematic images are undeniably powerful.
