Third release from LA/Berlin singer-songwriter Erik Penny features mellow, downtempo tunes with memorable melodies, sincere, accessible lyrics, and classic 60's-70's era instrumentation and production. 5 MP3 Songs POP: California Pop, ROCK: Acoustic Details: I live in LA. 10 years now. I play at the Hotel Cafe and Largo...2 great spots that have treated me and my friends very well. I like to produce my own stuff and some others' stuff as well. I'll be moving to Berlin in a few months to continue to pursue music and explore Europe through touring. Seems like it's gonna be a lot of fun. This is my third solo release in as many years, on top of several releases from many different bands for 10 years before that. With every new song, show, and recording, I learn a bit more about this, and am more inspired to continue. I write about things I've done and not done; places I've been, wanted to go, or dreamt of going; and people I've met, haven't met, invented, or loved.
