Old School Punk Rock from Santa Barbara, CA. 14 MP3 Songs ROCK: Punk, ROCK: Hard Rock Details: Debut full-length CD from Damaged Goods features 14 classic punk hits from the Santa Barbara boys who sound like they came straight outta Orange County. Snarling vocals, catchy hooks, old school punk at it's finest. This release follows a spot on the Hostage Records "Collateral Damage" LP comp. as well as their debut 7" "Outta Here" also on Hostage Records. They've been reviewed in Maximum Rock'n'Roll, Razorcake, 3rd Generation Nation, all strong. Some say it's a draw back to the early days of Orange County punk, ala Posh Boy beach sound, as close to a lost band from the original Beach Blvd. comp.... With that said, make a choice, buy or die?
