Produced and Directed by Debby Takikawa. A production of Hana Peace Works. A production company dedicated to peace through love and understanding. whatbabieswant.com calmsguide.com Dr. McCarty intertwines amazing new theories and findings about infant consciousness with heart-warming healing stories of families who have come to her for guidance. This CD is especially encouraging and supportive of pregnant families and families with young children. "In our world, we see the increasing thirst for deeper connection with spirit and soul, with the Divine, and with ourselves. I believe we are now remembering the depth of who we are and we are reawakening to our True Self as spiritual beings in human experience. We are on our journey home and our ways of welcoming consciousness from spirit into human form and experience are now ready to evolve." Dr. Wendy Anne McCarty This CD is a recent interview with Dr. Wendy Anne McCarty in which she talks about the latest research in Prenatal and Perinatal Psychology and human development. Wendy Anne McCarty PhD, RN is a leader in the field of prenatal and perinatal psychology and energy psychology. She is co-author, founding chair, and faculty of the first graduate degree programs in prenatal and perinatal psychology at the Santa Barbara Graduate Institute. As a leader in the field, she has provided keynote presentations and continuing education since 1994. Currently she is the program research director of Natural Family LivingRight from the Start. She has worked with families for over 30 years as an obstetrical nurse, marriage and family therapist, and prenatal and perinatal therapist for adults, children and babies. Dr.

McCarty has also been involved with consciousness studies and energy work for over two decades. Her current therapeutic practice incorporates the principles of prenatal and perinatal psychology within an integrated approach that emphasizes the relationship and integration of spiritual and human aspects of Self. Author of *Being with Babies: What Babies are Teaching Us* (1996) and *Welcoming Consciousness: Supporting Babies Wholeness from the Beginning of Life* An Integrated Model of Early Development (2004).
