

# Mp3 Dig'em Productions - Math Whiz! Multiplication Tables Mastery

[DOWNLOAD HERE](#)

Master the multiplication tables with this fun, diverse collection of songs ranging from pop to salsa to hip hop. Songs are brief, which makes memorization 'a breeze'. Easy, fun to sing tunes REALLY do make learning the times tables enjoyable. 12 MP3 Songs KIDS/FAMILY: Educational, KIDS/FAMILY: Sing-Along/Interactive Details: Michael Di Gregorio is an elementary school music teacher (K-5) in Fort Lauderdale, Florida. In addition to his duties as music teacher, Michael has spent the past 4 years as a 1st - 2nd Grade reading/math assistant. I have had the benefit of directly seeing what a 6-7 year-old is required to learn and what helps them remember what they NEED to learn. About DIGem Productions... The purpose of DIGem Productions is to provide educational materials for teaching and learning in an easy-to-remember, entertaining way. Math Whiz! Multiplication Tables Mastery is our first venture into the educational materials arena. Our goal is to produce quality materials which are directly targeted at enhancing concepts taught in school - using music as a tool. You can view a sampling of 'Multiplication Tables Videos' by visiting our official website.
