Spanning from Chicago all the way down to the Mississippi Delta, this CD has 10 smoking tracks, for you to jam with! Imagine having a full back up band that never complains and wants you to solo for the whole song! That's what you get with this "Blues Jam" CD. I have been making these CDs for my students and for myself to practice Harp and Dobro, pretty soon my friends were asking for them. Now my wife says if I don't start making some money with all this equipment I bought that she wants my studio turned back into a living room! (Imagine the Horror!) So now I am making these available to you! Help save my studio (and my marriage) and grab one of these! Better yet grab 2 so you have one for the car! All the tracks are in different tempos and styles and all are in the key of G making them great for Cross Harp or Open G tuning on the Dobro! Be sure to check back as "Country Jam" and "Bluegrass Jam" are currently in production.
