This album includes a mix of fresh, contemporary originals and old standards which should suit the taste of most any listener. For many years our family wanted to take an old home recording of my late Grandmother Dora Hubik (who sang professionally at Slovak weddings many years ago) and put it to a musical accompaniment. Although this recording has many background noises in it, it is very special to me and my family so we decided to include it on the album. (Think of the crashing pots and pans as part of the festive wedding atmosphere!) We would like to thank all the musicians and vocalists for their tremendous effort in recording this album; their musicianship never ceases to amaze me. Colonel Danny Mack for supporting and promoting our music. And a special thanks to our Parents Ron and Rose Buza for their loving support. This album is dedicated to them and the living memory of our deceased Grandparents.
