

Helicopter Powering Up And Take Off Sound Effect Sfx

[DOWNLOAD HERE](#)

This sound effect is a stereo recording of a helicopter powering up and taking off, shot from an inside perspective. Be sure to check out my other helicopter SFX including in flight atmos and landing SFX. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
