Ten new songs to add to Musical Tails and I truly had so much fun creating this Litter. All written and recorded in my studio in Nova Scotia during the winter of 2007/2008. I played all instruments, sang all vocals and produced each song for the CD. A real variety of styles sprinkled with lots of humor, love, history and character. A little country, rock, ethnic music, pop and look out - a little rap. Children love these songs and learn them quickly. Adults embrace lyrics written specifically for their purebred dogs. Please enjoy!
