Equinox Sounds presents SUBCONSCIOUS DUBSTEP, a collection of 12 dubstep and grimey construction kits with some deeper and darker journeys into the electronic substrata. Featuring 2-Step beat patterns layered over 1/2 time Dub patterns, heavy atmospherics and an emphasis on precisely warbled, filtered & mutated subfrequencies, this is a diverse collection of dubstep loops. Each construction kit is provided with the BPM/Key information and presented with a full mix and it's component parts. There are around 14-18 loops in each construction kit folder. You'll get a total of 197 loops and phrases containing drumloops, basslines, synthlines, guitars, organs, melodies, FX plus drum loops and their isolated parts (snares, kicks, hi-hats, shakers, claps, bells...). These loops can be used together to create complete tracks, or they can be used individually to serve as a foundation or embellish already existing tracks. SUBCONSCIOUS DUBSTEP is perfect for any Dubstep/Grime producer looking for some inspirational melodic and rhythmic elements. Available in ACID/WAV and Apple Loops/AIFF formats.

FEATURES: - 197 instrument loops and phrases in ACID / WAV format; - 197 instrument loops and phrases in Apple Loops / AIFF format; - BPM and Key information included; - All loops are 44KHz/16bit; - All Royalty Free.
