Easy listening, instrumentals, cinematic-classical style with elements of pop, rock, new age and more. 10 MP3 Songs NEW AGE: New Age, EASY LISTENING: Background Music Details: The second CD by Vicki Logan is getting quite a lot of attention these days. An album of mostly original instrumentals, this CD is one that Vicki writes "I'm finding my way on my musical journey. I'm not trying to invent some extraordinary new technique and I'm not trying to compete with the major labels, but I am doing something I love and wish to share it with whomever would like to listen. I hope to inspire other people to chase their dreams and to realize that they have a place here...one that does make a difference, no matter how small it may seem. The right pebble could start a rock slide!" "Finding My Way" features piano driven instrumentals using elements of several genres including rock, pop, classical and even folk. She has also incorporated the instruments of flute, cello, violin, flugelhorn, guitars and more into her compositions to create even more variety. Vicki has arranged Enya's "Only Time" and Ethridge's "All the Way to Heaven" as a way to introduce her arranging styles. She chose these artists as they have helped to influence her path within the music industry. "They are strong women who have forged the way for many women after them. They had obstacles to overcome and did." Logan's first CD, "Chasing Dreams" and her third "The Ride" are also available here at CDBaby.
