

Loop Unit - Pro Sound Fx - Media & Entertainment (wav/rex)

[DOWNLOAD HERE](#)

Add professional broadcast standard sound effects to your audio and video projects right now with this fantastic collection of entertainment and media effects. This huge library contains everything you need to finish of that bangin mixtape you've been working on or utilise it to add that final sparkle to your singles & album releases. That's not all, these samples are perfect for any film projects, music videos, commercials, radio shows, webcasts or any media project that requires professional quality effects. Replicate the radio and TV jingles you hear in the media, create the same suspense you would expect from a high budget film trailer and finally give your media project that hard to get pro finish. *Video Effects (Transition Effects, Swooshes, Intro FX, TV Channel Effects) *TV Intro Sequences (Dramatic Intros, Short Punchy Effects) *Studio Atmospheric Sounds (Studio Workers, Equipment,) *TV & Radio Station Idents (BBC, FOX, Universal, Warner, Local Radio) *Dramatic Stops (Orchestra, Tape Machine, Video Machine) *MTV Style Transition and Effects This feature packed collection of big city sound effects is perfect for finishing off that bangin new mixtape, great for adding a touch of atmosphere and life to an album and not forgetting this sample pack is brilliant for websites, pro & amateur videos and much much more...
