R&B, Soulful Pop, Ballads with rich harmonies 4 MP3 Songs POP: Today's Top 40, URBAN/R&B: R&B Pop Crossover Details: "When I" was the debut single of Devotion on the jamboe Entertainment imprint. It solidified the group as a mainstay in the "Asian American Music Scene" and laminated their Soulful Pop sound through this hit ballad. Originally, formed as an A Capella group, this CD single captures some of that magic with a special A Capella rendition of the song "When I". It was the single that started it all for Devotion becoming a top seller in the Northern California region even though the group was based in Southern California. The "When I" CD single contains the original album mix, the a capella rendition, a remix version set to a more uptempo beat, and the remix instrumental. Below are some reviews from the archives written by some adoring fans: "...one of the BEST Asian groups out there today!" - Jim "...you'll fall in love with their "when i" song." - A Music Fan "I loved their songs, especially "When I". - Jenn Jenn "When I interviewed them on PhilRadio International, they had just released their single, "When I"...I knew then that they were going to be widely accepted not only in the Philippine and Asian markets but within the mainstream music scene as well...To this day, my favorite song is the acapella version of "When I"...." - Kathy Llamas
