Introducing... eBook Money Machines! 6 Part Video Course This step by step, 6 part video series, takes you by the hand and shows you how to quickly create your "Hot Selling" eBook, and publish it on Amazon Kindle within 30 days or less! Here's a list of this 6 part video series in more detail

**Video#1: Introduction on Amazon Kindle and eBook Creation** In this video, you will learn what tools you need to get started. You'll also learn how it all works, so you know what to expect before we even get started. Once you learn this, you can implement this business model faster. You'll also be given a quick overview of what you'll be learning, in the rest of this video series.

**Video #2: Brainstorming and Research Your Market** In this video I will be covering how to create your eBook, because your success will come from the content of your eBook and whether or not there is a buying market out there or not. Its easy for you to just start writing on any topic and try to sell it, but if you take that route, then you may not make any sales. In this section, you will learn brainstorming ideas, and how to do proper research to ensure that your eBook does reach a buying market... yet most importantly, adds value to the market.

**Video #3: Writing an eBook that Sells** Once you have done the proper research, you can now write your eBook. In this section you will learn some tips and tracks to help you sell your eBook better on Amazon Kindles market place. Skip this part and you will fail this whole video series. It is super vital that you pay close attention to writing an eBook that sells. Dont assume you can just write an eBook; slap it together and publish it on Amazon. Without the proper research in any eBook or business model, you are setting yourself up for failure. So thats what we'll discuss in this section.

**Video #4: Formatting your eBook** What kind of file should you save it in? Do you need to know HTML? All those questions will be answered in this specific video. When it comes to formatting; it really isnt that hard. In fact Amazon gives you guidelines in this section, but also makes it easy for you to publish your eBook fast.

**Video #5: Publishing and Pricing with Amazon DTP** Before you publish your eBook, you need to understand pricing; because even if you make sales, if you dont understand Amazons system, you can decrease the amount of money you get. So in this section you will learn some basic tips on Amazons pricing model. Then you will get to see step by step, how we publish a book using Amazons DTP platform.

**Video #6: Promoting Your eBook** Amazon takes around 48 hours to

approve and publish English written books and about 2-3 days for non-English. If you ask me, that's very fast, compared to other publishing platforms out there. Now that your eBook is published, while you can make sales just being on Amazon's marketplace, you still need to be proactive and get the word out, as much as you can about your new eBook. But how? Glad you asked. That's what you'll learn in this section...different ways to promote your eBook and market it. Readymade sales page is included with this product, additional relevant product materials such as sales graphics, product eCover, editable .psd files, Wordpress theme, adsense niche site and etc may be included with the product.
