Original progressive rock, interesting time signatures, creative vocals, and strong musicality, complexity 7  
MP3 Songs ROCK: Progressive Rock Details: After the wide critical acclaim and success of their first CD, "Starfooted," San Francisco-area progressive rock band METAPHOR is back with their eagerly-awaited second effort. Here is more great progressive rock featuring new depths of compositional ideas as Metaphor continues to explore its evolving musical identity. METAPHOR's first CD was praised for its musicality, harmonic sensibilities, and thoughtful vocals. Listeners will find "Entertaining Thanatos" evocative of not only the golden age of prog, but also the modern day -and future- of the genre.
