Released in April 1995, The Infamous was released almost exactly a year after Illmatic and about a half year after Ready to Die -- the debut masterpieces of Nas and the Notorious B.I.G., respectively, both albums likewise of momentous significance for East Coast hardcore rap. On The Infamous, Mobb Deep (comprised of Prodigy and Havoc) set the tone for future generations of hardcore New York rappers, from G-Unit to Dipset. Subsequent releases from the duo were likewise influential, especially Hell on Earth (1996). However, by the late '90s, Mobb Deep was no longer setting trends; in fact, they seemed to be following them, and they lost some of their stature as subsequent generations of hardcore rappers arose. For a few years, Mobb Deep struggled to reclaim their commercial standing, until they eventually drifted into the G-Unit camp, where they signed a lucrative deal to join 50 Cent and company. Blood Money (2006), Mobb Deep's first release under the G-Unit banner, rekindled interest in the veteran duo, who enjoyed a substantial uptick in sales and airplay. These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to use. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers. You will notice the difference once you apply these sounds to your musical works and you will not regret it. This product is delivered digitally, so once the purchase is made you can get to making your hits immediately afterwards! Not only does this deliver the product as fast as your

internet connection can provide, but it also saves you \$money\$ on shipping and handling charges. A broadband connection is recommended for this purchase to ensure delivery in a timely matter. * Kit includes 449 one shot audio samples which includes kicks, snares, hats, claps, percussion, crashes, toms, open hats, and rides* For audio samples of loops made with these drums visit beat-makerz.com
