

Mp3 Soundpool - On High

[DOWNLOAD HERE](#)

NYC based 5 piece shoegaze/space rock audio/visual recording artists with sweet girly vox saturated guitar sounds lush synth arrangements and a danceable driving rhythm section who prefer to play out with the backdrop of self produced psychedelic visuals 15 MP3 Songs ELECTRONIC: Experimental, ROCK: Psychedelic Details: Aloft recording artists Soundpool's music is somewhere between Stereolab, My Bloody Valentine, Ladytron, Broadcast, Slowdive and Yo La Tengo. Collectively the members have opened for the likes of The B-52's, The Cardigans, April March and Smashmouth just to name a few and have recorded for such labels as Mutiny/Sire Records and Phil Ramone's N2K Records. Setting out to blur the lines between alternative/indie/rock and dance/electronica, Soundpool is redefining the Shoegaze, Dream Pop and Space Rock genre's which has been steadily on the rise in the left side of the music spectrum for the last few years now. The band's savvy classic songwriting sensibilities combined with their powerful, tight wall of sound live performance and mesmerizing visuals has earned them a loyal and growing fanbase, making them a favorite among club goers in New York City's live music scene.
