He has received the "Children's Minister of the Year" award from Willie George Ministries and he created and hosted a children's television program. Ronnie and his company, Peaceable Kingdom Ministries, Inc., have seen the huge need for high quality praise and worship music and have met the need by producing to date 3 music albums, "Have Fun, Please God", "Children's Church Classics-1" and "Children's Church Classics-2". The music is energetic and contemporary. The response has been incredible...children of all ages (and adults) love the fresh, new sound! In addition to the music CD's, we have just released our first music video. Here's some recent responses: As I teach children in the NASCAR racing community, Ronnie's music is wonderful. It works. It teaches the truths of Jesus in a fun, effective way. As I teach orphans in South Africa, even with a language barrier, Ronnie's music is wonderful. Ditto----- As I teach children in North Carolina in Christian Schools, Ditto----- God Bless You, Ronnie, for giving your talents to the teaching of children for the Kingdom. GOD'S NOT DEAD!!!! "Hi Ronnie! We've just sent out the CD's for our 10 winners of our Tons of Toonz Giveaway. We broke a record with the number of entrants for the month you were featured! Lots of kids want to get their hands on your music.....Thanks!" Amanda Hildabrand I am a Sunday School teacher at Church of The Highlands, in San Bruno, CA. As a teacher, I became involved in the worship service our 1st through 4th graders engage in just prior to their classroom session this past summer. During our worship service, our director usually plays a Christian music video that the children can sing along with. I have to admit that some of the videos were much less than stirring, and did not seem to engage the students. Well, two weeks ago, our director introduced a new video -- yours! I have to tell you how excited I was to join in the excitement as the students watched the young people on the video skateboarding to Christian songs. And, just when I thought it couldn't get any better, the song "When The Spirit of The Lord" began to play. What an exciting and engaging way to show young people

that they can express their love for Jesus in song and in dance. The music was contemporary, and provided a perfect segway to a lesson about how everything we do -- including singing and dancing -- can be used as a means of worship.
