

Mp3 Sophia - Hidden Waters/sacred Ground

[DOWNLOAD HERE](#)

Relaxing world vocal music with extended sides, slow heartbeat, water sounds 5 MP3 Songs NEW AGE: Healing, NEW AGE: Meditation Details: Sophia, who calls her self Songhealer, has been performing and writing music since the 60s. In 1978 she released her first album, Roots Wings, and since then she has produced nine others. She draws from eclectic sources including East Indian, Native American, Hebrew and Islamic, among others, weaving sacred chants into a world wide web of uplifting and enchanting sound. She has recorded with many illustrious musicians, including Raphael (Music to Disappear In), Hans Christian (Rasa), Jai Uttal, Bhagavan Das. A "cult" favorite among healers, massage therapists, tantric yogis and other loyal listeners these many years, Sophia has now ventured into cyberspace to reach out to YOU! What Others say about Sophia and her music: "Sophia's music opens the heart to the essence of spiritual love. Her voice soars on wings of beauty as her songs speak to the emerging soul, the deeper harmony of infinite life as resonates through the instrument of personal, daily existence." Reverend Susan Galvan Unity of the Spirit, Berkeley "Sophia sings songs of the earth and songs of the sky and, in between, a new humanity is born." Dr. Jean Houston, The Possible Human
