Dance to the beat of your own wicked drum! "Ultimate Dubstep Drummer" is Prime Loops' latest heavy-weight treasure trove (some call it booty, no less) of multi-faceted drum ammunition, including piercing claps, mighty snares, powerful percussion hits as well as ultra low kick drums that will give any of your dubstep productions the ultimate punch! "Ultimate Dubstep Drummer" assembles more than 40 diverse and truly cutting edge, multi-layered 140Bpm dubstep drum patterns and one-shots. Whether you like it more techy, dark and hard like Kode9 and Martyn or want to add a warm, analogue live touch in the vein of producers such as Benga or Nero, these are all the beats you need to turn up the heat! Featuring hard-kicking drum machine sounds as well as powerful live drum samples, this pack has been thoroughly thought through and thus provides all killer no filler material: From the trademark sound of legendary analog rhythm machines such as Roland TR-808 and 909 to the latest digital beats enhanced by modern compression techniques, and certainly not stopping at the most professional studio recordings of a human drum animal. All MIDI files are included for maximum flexibility this pack allows for endless and carefree mixing and mingling of these top-notch patterns and one-shot sounds. All material contained in "Ultimate Dubstep Drummer" has been exclusively produced and 24 Bit mastered for your music making adventures and is of course a 100 free of any royalty hassle whatsoever. There is no authentic dubstep without some expert rhythm programming. Make "Ultimate Dubstep Drummer" your one-stop shop for exciting drum beats that will form the mighty backbone of any step-worthy production that might enter the clubs and/or charts! This is the .WAV version. You can find many other specialist formats including Rex2, Ableton Live Pack, Apple Loops and Reason Refill over at primeloops.com
