Scripture confessions for health, healing and betterment, spirit, soul and body. 1 MP3 Songs SPOKEN WORD: Religious Texts, SPIRITUAL: Inspirational Details: I was called to Gospel Ministry in 1985 in a most dramatic fashion. While praying, I asked the Lord exactly what he wanted from me and why he had me praying so much. The impression came in these words: "You are my Evangelist Minister of Music, but behold I do a new thing." The new thing, was just that, really new and different, at least for me. I've preached the gospel and sung gospel songs since that time. I even have my first work show-cased here with CDBaby. The title is: "To God be the Glory," a collection of originals and a few traditional gospel songs to the glory of God. This present work, "Scripture Confessions" came about when my wife wanted a compiltion of scriptures for healing. These confessions are put together to not only address the physical man, but also the man of the soul and spirit, with the final emphasis on the greatest healing of all, the salvation of the soul. After all is said and done, if you receive physical healing but don't have Jesus, you're still eternally sick, and the end of that sickness is eternal death. No one wants or deserves that. So here it is... listen and repeat these confessions with your mouth, as well as your heart for Health, Healing, and Betterment. In Hlm, Evangelist Leroy A. Rasberry Sr.
