Thanks DANCETIME WITH LINDA ROLAND TA DA Gotta Dance Lively Entertaining Variety Toe Tapping Romantic Melodious All the above describe the music as played by Dancetime With Linda Roland. Our duo consists of Linda Herman on Midi Accordion and vocals and Roland Fabbrie on Electronic Drum and vocals. Yes I said the A word - ACCORDION. This is no ordinary accordion however. It is the Roland V Accordion, the latest electronic wonder from the Roland Corp. Together we have over 125 years of experience. We always describe our music as Music for Old People, however anyone can enjoy our music. We just happen to be considered two old people playing music for ballroom dancing. Ah, but ballroom dancing is for everyone and can be quite demanding on your body. Just ask those appearing on Dancing With The Stars. We know for a fact that dancing keeps you young, no matter how old or young you are. To dance to our music, you will be dancing the foxtrot, swing, rhumba, cha cha, tango, samba, mambo, waltz, country, line dance and even polka. We feature music from the 20's to the present. Sorry, if you are a die hard rock fan you probably wont be interested in our music. It is not deafening. It does not use four letter words. It is ballroom dance music and easy listening.

It has melodies that will linger in your head and will make you want to sing along. It will calm your body. It will bring out that romantic person you really are. You will want to take that special someone in your arms and glide across the floor. Just who is Dancetime With Linda Roland? Linda Herman, that's me, is the head honcho. I am from Iowa originally. (Oh a four letter word). I have been playing in dance bands since I was a teenager in Iowa. I enjoy playing music and making people happy. Dancers are happy, healthy people. I have appeared on the Johnny Carson Show, accompanied variety acts on shows across the country, played on cruise ships and in casinos. I find I enjoy playing music for dancers the most rewarding. Through the years I have made many lasting friendships. Wow to be able to play music and make a living and make other people happy has to be the ultimate happiness for a person. Some of my other interests are golf, bowling, bicycle riding, red convertibles and just relaxing with my friend, my love and my partner, Roland. Roland Fabbrie is the promoter, manager and the inspiration behind our duo. He is originally from Toronto Canada. He has been a drummer since a little kid banging on anything he could get his hands on. Most notably he was a drummer with the Queens Own Rifles and Navy Sea Cadet Band. Roland loves to try new ventures and that is how we got in contact with cdbaby and selling our cds on the internet. His interests are also golf, bowling, bicycle riding, collecting old vinyl records, red convertibles and just relaxing with me, his friend, his love and his partner.
