DEPRESSION & ADDICTIONS FADER - 1 - PART 1 of 3.mp3 GENERAL TONIC, use to release Depression and Addiction This is part one of a 3 part series meant to be played together. Parts 1,2 and 3 can work fine on their own and in tandem with each other. Each part in the series may powerfully stimulate a different part of the system in a different way. The benefit of using all 3 looped together is that this may increase the overall effects very dramatically, where as the use of just one may provide meaningful relief but perhaps not as much if played in its related series. The difference between these frequencies and the monthly subscription frequency called "DEPRESSION ADDICTION RELEASE - SUPER POTENT", is that these frequencies parts 1 to 3 are general use tonics that can be used at any time but may vary in strength and potency and are not as strong or as precise as the time lock series, the time lock series which requires renewal each month tends to be much stronger and takes into account time related energetic factors. Parts 1 to 3 are for those who want immediate relief, but do not need the extra power of the time lock series.
