Are you looking for drum sounds that you hear in your favorite producer's records? Wanna make a remix and catch the listener's attention? Wanna get some industry standard drum sounds? Then I know what you're looking for and you should know that you've come to the right place! Those who happen to have some experience in the music business must've heard about artists or groups, walking in the studio, and asking the engineer if they drums can sound like RZA or Kanye or Premier or Just Blaze or Timbaland... The engineer knows that there ain't no way he can do that cos simply: the drums are whack!!! So, he pulls out a CD or looks for the folder in the computer and simply suggests to change the sounds with some of XXX producer's sounds... 99.9 of the cases the engineer replaces the sounds with the ones he got and 99.9 of the cases he doesn't get any credit for it. The thing is, how did he have all the hot sounds that the artist didn't have? Every engineer reading these lines knows that if an engineer wants to jack some drums from a producer it's easy... Nuff said... The Hip Hop Workshop is proud to present: "Drums ...in the styles of Timbaland!" Drum samples that match the beat production style of Timbaland!!! This drum compilation is made by a beatmaker/engineer/producer for other beatmakers!!! This compilation contains: 100 Timbaland Bass Drums 100 Timbaland Snare Drums 095 Timbaland HiHats 028 Timbaland Claps 013 Timbaland Snaps 025 Timbaland Shakers 016 Timbaland Extra Percussion 010 Timbaland Tabmourines 006 Timbaland Crashes 393 Timbaland Sound Files Download the Preview of these drums and you'll find yourself crafting a hot rhythm pattern. There are toy beatmakers out there that say they have 10,000 and 10,000 snares... In reality, established producers only use about 10 to 50 BDs, 10-50 SNs and so on... and they just recycle them and change their library maybe every other season or on every other project they be working on. I've seen this in studios... Beatmakers using only 10 BDs and 13 SNs and maybe 10HHs for a whole album... They just EQ them and compress them differently on each track... If you are experienced with equalization and compressing, you can tell that these drums have been through some high quality processing! This collection will last you for many many records. Copy-paste into another folder the drum sounds you use most and there yo go: you'll have your own signature on your beats. Cos that's the key! Use the same sounds through a period of time and your style will be noticed in your hood,

your city or the network youre about to build!!! Sample them on your MPC3000 or ASR10 and match the Timbaland style of percussion! Import them on your MV8000/MV8800, Phantom, MPC1000, MPC2500, MPC4000, HALion (VSTi) or any other hardware or software sampler and you have crystal clear drums along with the thickness and crispiness of these drums!!!
