

Mp3 Juni Fisher - Gone For Colorado

[DOWNLOAD HERE](#)

Her search for her ancestors in Missouri and Colorado led her to write her most detailed and wonderfully satisfying album yet. 16 MP3 Songs FOLK: Traditional Folk, COUNTRY: Cowboy Show all album songs: Gone for Colorado Songs Details: "Juni Fisher has made her mark in the world of Western Music as a writer of rich story songs, with her first three releases, Tumbleweed Letters, Sideshow Romance, and Cowgirlography. Gone For Colorado is destined to be called her finest release yet. With co-production credits going to the notable Rich O'Brien, and songs from the legendary Ian Tyson, and Gary McMahon to fill out the already strong selection of Juni's all new originals, Gone For Colorado takes a musical journey few dare to take. Since the release of Gone For Colorado in January 2008, Juni has been approached after concerts where she has performed the songs by audience members interested in doing symphonic presentations of this album, as well as film directors wanting to use her sensitive songwriting for film scores. truly, she has hit her stride with this work"
