

Mp3 Simeon - Then We Collide

[DOWNLOAD HERE](#)

Melodic rock. 12 MP3 Songs POP: Pop/Rock, ROCK: Acoustic Details: Collision is inevitable. Simeon's latest melodic rock album, "Then We Collide", is his most impactful and best work yet. His song writing has been crafted to a new level. Not afraid to deal with topics of depth alongside the everyday relationship, Simeon raises some of the hard questions of life but still projects hope. Be prepared for an encounter with a jealous lover, an ostracised disco hopper and an unwavering stance on social justice. His lyrics are thoughtful and absent of cliché. Melodies are creative but still accessible. Get ahead of the game and buy this album before its soon to be released singles give it the publicity it deserves. People who are interested in U2 Matchbox Twenty Switchfoot should consider this download.
