

Mp3 Neuropop - Overload: The Sonic Intoxicant

[DOWNLOAD HERE](#)

Overload - The Sonic Intoxicant. Music driven by the math behind the mind - mind-altering electronica built from neurosensory algorithms. The world's first sound drug... 3 MP3 Songs ELECTRONIC: Experimental, NEW AGE: Ambient Details: Sound is born in physics. Music is born in the mind. Overload uses sound to play the mind. Not just manipulating time and frequency for effects, Overload is composition wedded to Neurosensory Algorithms, the math behind the mind. NeuroPop creates emotional soundtracks, journeys through mental states, different for each individual, yet evocative of our common neural auditory heritage. The three 20 minute movements will take you on different paths, but the endpoint will come from your own mental instrument. One hour of the most mind-altering music on the planet. Welcome to Overload...
