Pachino Dino displays a lifetime of money, sex, drugs, and murda on his debut cd "DUMMIN OUT." Twin D 1 ST Century Entertainment gave you the compilation "SOUTH CAROLINA PLAYAZ" which featured South Carolina's #1 rap artist Pachino Dino. His unique gangsterfied style brings a totally different approach to the rap game at a time when bling bling and flashy cars started to damage radio ear waves. Pachino Dino, came up in Charleston, SC. You know the typical projects with the bloody gunfights, crack cocaine, jackers, and lets not forget about them CR#\$&RS. Penitentiary chances were taken and eventually time was spent. The time spent was usually used writing rhymes and receiving knowledge. Here he perfected his skill and once back on the streets he hooked up with Charleston, SC's hottest producers David and Donovan Kinloch {TWIN D 1st CENTURY ENT). Once connected they put down dozens of classics such as "TERRY BROWN," "Addicted To Murda pt. 2," "Smoke On," and the list goes on and on and on. Pachino Dino and TWIN D 1st CENTURY ENT. definitely has a shot at the majors with they're very own distinctive sound. South Carolina really hasn't made any noise until now, but with the music and the mentality of these hungry artists and entrepreneurs well let's just say welcome to the TWIN D 1st CENTURY with Pachino Dino leading the way.
