Review Of "Working With Children And Animals" various artists CD starvox.net/crypt/3august2.htm There's a review on Chain D.L.K chaindlk.org/reviews/reviews.php3?search=spray&category=0&format=0 Yeah, we know, it's a bit of a shame when you quote your Amazon reviews, but we were very enthused by these, and felt the urge to share them because it's never going to get better than this. Click on Amazon We happened across this and our egos got the better of us... reetopia.blogspot.com/2002_09_15_reetopia_archive.html This is from e-lectric.de/rezensionen/spray.html. Ricardo got an E in his German GCSE (which is probably why he failed), so we're not sure what it says. We don't think they like it much. re-flexion.de/kritiken/2003/2003-01/spray-living-in-neon/spray-living-in-neon.htm This is another German language page, but we think they like it better.
