Background music for haunted houses with a dark circus theme, includes Midnight Midway, Clown Alley and Museum of Oddities, used in Knotts' Scary Farm's Carniverous Clowns Maze 11 MP3 Songs

ELECTRONIC: Virtual Orchestra, ELECTRONIC: Soundscapes Details: I've been writing the background music for our haunted house for the last 10 years. A couple years back I recieved a request to write dark circus themed music for another. That music seemed perfect for a CD so I went ahead and released 'Midnight Circus'. Much to my delight Knotts' Scary Farm added The Carniverous Clowns maze the very next year and used 3 tracks from that CD. Needless to say I got hooked and went on to write 'Clive Manor' with a gothic theme. I have begun work on a third CD that I hope to have out by March 2002, er..better make that 2003. I'd love to hear any remarks or suggestions. Thanks for stopping by, Michael Hedstrom
