2. Internet Marketing Basics Videos Dear Friend, Do you know that when you're starting out on an Internet business, you will come across A LOT of new challenges that are RARELY being told by most people? Step-by-step guides are a good way to start and that really cut down on your learning curves. However, Most marketing manuals teach you WHAT to do instead of showing you "How To Do" I have heard the same questions over and over again from many newbies on how to setup their online business. Things like... How do I register a domain name? What the heck is 'DNS' and how do I change them? How do I register a web hosting account and get my site set up? How do I install popups on my website?
