

Early Morning City Dawn Suburb Birdsong Atmos Sound Effect

[DOWNLOAD HERE](#)

This recording was made early in the morning on the outskirts of London and captures the birds bursting into birdsong with the rumblings of a city waking up in the distance. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
