"How To Use Free 'Skype' To Create New Products And Content In Minutes..." Video One (9 Minutes) In this video I talk you through how to install Skype and get it working 100. Video Two (8 Minutes) Here you'll discover my 'secret weapon' for recording Skype calls Video Three (7 Minutes) In this video I'll show you step-by-step how to record your first Skype call and how easy the process is. Video Four (11 Minutes) Here I'll talk you through how to easily tweak your Skype audio to make it sound even more professional. Video Five (11 Minutes) In this video I'll show you how to turn your Skype audio into an MP3 file you can give to your visitors and customers. Video Six (19 Minutes) Here I'll talk you through three options for delivering your audio to your visitors and customers. I'll show you how to offer it as a download and how to 'stream' it direct from your website. AND - with the secret resource I reveal (hardly anyone knows about this gem of a website) you'll discover how to stream audio from your website without spending a cent on software or services. For PC's Only - Not For Mac I must tell you that this eBook only works (to my knowledge) on PC's. If your computer is running Microsoft Windows, you won't have any trouble at all viewing this eBook successfully. However, if you're on a Mac you'll more than likely have trouble viewing it.
