Smash Up The Studio presents 'Cool Keys: RnB 3', the latest release in their best selling RnB range. This pack continues with another great selection of keyboard loops, performed by a top pro keyboard player, and features both MIDI and pre-recorded audio content. As with all Smash Up The Studio products most loops are complete musical chord progressions upon which you can build your track using either the MIDI loops and your own instrument plug ins, or the Wav's which were created using a wide range of classic synthesizers. Also included are the 5 construction kits you hear in our preview track, featuring all the elements as separate samples, so you can build each track to your own requirements. The drums are purely for demonstration purposes and are not included. The loops range in tempo between 65 and 130 bpm and have been recorded as 24-bit WAV and Apple Loops. The MIDI files are also included for those producers who like to experiment with their own sounds and personalise the loops to their own taste. All in all, this is a fantastic resource for both producers and songwriters alike. Whether a novice or a pro this pack will take your tracks to a higher musical level. Total pack size is 792.6MB, and all content is royalty free. Produced by Steve Burton for Smash Up The Studio.
