

Dark Voices

[DOWNLOAD HERE](#)

Dark Voices Dark Voices is a collection of over 175 one shot vocal samples suited to the dark Techno, Electro, Drum & Bass, minimal, Trance and more. These effected and tweaked out files are all royalty free, and ready to use in your personal or commercial projects. The Dark Voice Samples collection from Acid Records includes over 175 one shot and robotic talk style Vocal Samples. In this unique pack you can expect to find vocoded and distorted, dry, reverbed, delayed and compressed vocals. These royalty free WAVs are suitable for use in all compatible software.
