By buying the CD and poster or making a donation, you are helping to make a dream come true. (You need to go to [rachelbissexfor](#) the poster.) Rachel Bissex left us on February 20, 2005, a victim of breast cancer. Her friends from all over the US were devastated that this loving and so lovable artist could be taken so quickly after giving herself the maximum chance to survive. Shortly before she died I asked her what I could do for her. The one thing she was concerned about was getting her children, Emma and Matt, through college. I said that I would do everything in my power to enable them to graduate. When the initial run of 2,000 CD sets and 1,000 posters are sold, our pledge to Rachel will be honored. You get a class CD set and assure Rachel's kids the college education Rachel wanted for them. That is Win-Win bigtime. Warm regards Vic
