The NEW 2006 Christian Release differs with one song that was dropped (the only secular track found on the original release) and 3 NEW bonus tracks have been added. This NEW Collection is more upbeat, more diverse musically and takes the Gospel message home with greater passion and depth. Revisited features 2 tracks with Gospel Choir and lots of tracks of great sax playing by one of Smooth Jazzs most durable Saxmen. Vail performs equally well on all of the Saxophones; Alto Sax, Tenor Sax, Soprano Sax, Bari Sax, and other woodwinds such as Flute, Piccolo and EWI (Electronic Wind Instrument) to add a nice variety of wind voices through this Gospel Collection.
