Contemporary Christian 10 MP3 Songs GOSPEL: Contemporary Gospel, POP: Power Pop Details: Debut solo project released in 2000. Produced by Steve Griffith, Healing Water has an eclectic mix of musical genres it showcases a breadth of vocal versatility: From happy, pop tunes ("Unspeakable Grace" "Only God") to more moody, introspective songs ("Holy Father" "Love Amazing"). The title track is an intriguing story-song about a young man seeking fulfillment finding it in a river that "will never run dry." However, Devin's strength seems to be undeniable on the more tender, sensitive songs ("Captured by Your Love" "When I Saw You Cry") on the power ballads ("Even the Winds" "Lead Me"). Michael Neale (his former mate from Neale Webb) contributes the majority of the songwriting it's clear that he understands what Devin is trying to accomplish. He has written songs that only augment what Webb is good at. If you're looking for a CD with variety strong lyrical content, you won't go wrong with Healing Water. These songs demand that you listen to them.
