Alchemist Drums HD is a must have drum library for any serious hip-hop producer. This drum library consists of meticulously recreated drum samples that sound just like Alchemists grimey and hard hitting drum sounds. The samples are rendered in high definition 24bit 96 khz WAV format (identical samples in 16bit 44khz are also included for compatibility with older devices). Every sound is usable in the sample set. There are no fillers and the samples were recreated with the finest studio equipment available in a collaboration with professional studio engineers. This kit includes: 40 Alchemist kicks, 40 Alchemist snares, 20 Alchemist claps and 20 Alchemist hi-hats. The total size amounts to just under 700 MB (uncompressed).
