I see so much of my life in your music...especially TIME TO BE ME ME OR THE BOTTLE. thank you again for your beautiful music..I know you will go far!" - C. S.California With a whisper of Sarah McLaughlans intimate melodies, a touch of Jewels vocal stylings, and a sound and soul all her own, Silvana has set sail from Sydney to L.A. to dazzle us with her blonde Aussie brilliance. But dont let her gorgeous appearance fool you, this girl could go toe-to-toe with B.B. King. Silvana is all heart and she readily pours it, delicately into every track. Love Addict is about as literal as a title gets. Her follow-up to a successful Sydney to LA debut, this sophomore release listens like a diary, exposing Silvanas deepest thoughts on love, loss and ultimately, of hope. After making a smash in her native Australia and reaching audiences worldwide, Silvanas second album reflects a more mature, more demure, and more honest approach to making music. Every song tells a story, and every note means something. As deep as those rivers run, her passionate storytelling is only bested by her level of professionalism in the studio. Recorded on an intimate soundstage, behind a piano once graced by the late Ray Charles, all tracks on

Love Addict were recorded in one afternoon. Love Addict is Silvana unplugged, stripped down, and vulnerable. She's all yours, all you have to do is listen. By matthew paul smith 2-20-2007 SILVANA is a Musical Prodigy and a self made success story. The Dynamic Australian Beauty knew she had a Gift when shed hear a song on the radio then play it on the piano as early as 3 years of age. SILVANA attended the Sydney Conservatorium of Music High school studying Piano and Voice she was awarded yearly scholarships. This girl knew her lifes purpose as early as 9 Im going to Write Music that empowers people and travel the world performing and Recording my Songs. - Shed tell everyone Focused as a bullet, SILVANA Packed her Talent and a demo tape and flew to Los Angeles, leaving behind a very comfortable life style and career in Sydney Australia. What followed was a series of grueling Life Experiences and Daily struggles for survival. While SILVANA Honed her Craft, She constantly picked the minds of Major Record Company Executives, learning about the Business of Music and finding her nieche in the Entertainment industry. SILVANAS Climb to success is far from a Hollywood Story, Yet it reveals how this Independent Artist achieved Success In a highly competitive Industry. SILVANA created SOUL RECORDS (Now known as SILG RECORDS); An independent self funded Record label and released her 12 Song debut album SYDNEY TO LA. With great reviews from both the US and Australian Media and Industry Power heads, SYDNEY TO LA quickly took off, making it one of the highest selling Albums by an Independent Self Distributed Australian Artist. SILVANA is extremely grounded. I still remember the early days in LA when I was practically homeless and slept on a friends couch. I had \$40 left to my name and had to decide wether to buy groceries or pay for Band Rehearsal, Ofcourse I chose Music and ate bananas until I was able to afford a proper meal... Ironically, SILVANA volunteered for a homeless Organization feeding Skid Rows Homeless, Where she found tremendous inspiration in the many Houseless Souls, as she refers to them. At the end of each feeding, shed get a sandwich which helped keep her tummy full and her mind focused on her goals. But before you feel sorry for this little Aussie Battler who has been awarded an ASCAP award and is now based in Beverly Hills, Know that SILVANA is about to be featured in a Cable Network TV show and her New CD titled LOVE ADDICT is getting people Addicted to SILVANAS Voice and Songs even faster than Sydney to LA. LOVE ADDICT (L.A.) Contains songs based on SILVANAS LA experience, The forever present Casting Couch so many are exposed to, and the painful decisions one is forced to make when loving an Addict. What makes SILVANA so unique is that not only is she talented and has paid her dues, She also genuinely cares

about people. Her Song YOU MATTER TO ME lifts the spirits of every listener and her soothing Angel-like Voice fills the room with Peace. What is the Secret to her Success? SILVANA is a go getter. She wont take no for an answer. Putting in long hours at her Record Label, She also Personally replies to all her My Space fans. I Write songs based on things I go through. I want other people to realize they are not alone. Wether it is Love or Substance Addiction, there is so much pain and guilt involved, an Addict often feels trapped and extremely isolated. By Releasing LOVE ADDICT I let them know they are not alone and I provide Hope to them through my Music. LOVE ADDICT is available at: WWW.CDBABY.COM/SILVANA2 As well as other Great Music Retailers.
