Tin Can Telephone is the soundtrack to the images in your mind. These songs crackle with bizarre characters, poignant stories, rhyming jokes, and highly literate language, capturing the essence of cabaret. Kulak has claimed that resurging genre and is running with it. Kulak grew up onstage, acting in theatre and playing classical piano. An award-winning composer, he has performed with symphony orchestras and in theatrical world premieres. He crafts original songs that brilliantly showcase his talents as a dramatist, vocalist, and musician. His six-track debut album, *Welcome*, achieved a loyal following worldwide. Tin Can Telephone is a full-length recording of all-new songs, in arrangements from lush chamber orchestra to solo piano and voice. Often compared to the great songwriters of the original cabaret era, Bryce Kulak carries the torch of this compelling genre into the new century. This CD includes a lavishly illustrated 26-page booklet with all the lyrics. Sing along! Contains mature language and subject matter.
