Embark on a journey through landscapes of emotions, woven together by the images of music brought forth in peaceful, healing melodies all magically contained within the quill of poeta. 11 MP3 Songs NEW AGE: New Age, NEW AGE: Healing Details: In AI Contis music there is a free rein of self-expression which is inherent to new age. Serge Kozlovsky New Age has its moment and its place but Conti is injecting his with a slight almost undetectable edge. RadioMike AI is equally at home with the slower reflective pieces and faster upbeat tunes. Dene Bebbington - Melliflua/Audion Magazine - UK While AI's debut album 'Shadows' took us on a journey searching within one's own deepest self, POETA invites the listener on a different journey, exploring a landscape of emotions woven by the poetry of music through eleven magical tracks. Travel through musical valleys and peaks to discover Orpheus and his unrelenting quest to retrieve his lost love in the haunting opening track 'Quest for Orpheus.' Dream along with the tales of Homer's 'Iliad.' Find yourself wishing for 'Evangeline,' the young Victorian maiden, to find true love as she sits by the sea, day after day with her book of poems. And then find that true love in the movement of 'Danzante' and the power of 'Abstract Desire.' Feel the quill of 'Poeta' inspire the world through a tapestry of enchantment. And, as every book must end, feel yourself transported with the final rendering 'Epilogos' and its timeless prayer. From the first note to the last, AI Conti's album features ethnic instruments such as the hurdy gurdy, udu, sitar and tablas as well as classical violins and cellos, haunting ambient vocals and beautiful guitar solos. Listeners who loved AI's debut CD eagerly awaited his second release and reviewers have praised AI's work as "individual," "intricate," and expressing a "lovely humanity and positive spirit." The concept of poetry in music came to AI unexpectedly, inspired by Spain's late poet Ramn Sampedro, who lived as a quadriplegic and fought for the right to end his own life. During his life he wrote using only his mouth and a pencil attached to a stick. AI's reaction to the poet's journey was intense: "Ramn's words touched me so much that they catapulted what has now become an entire work on its own. It has always amazed me how music has its own poetry and I want to express that in my work." A native of Buenos Aires, Argentina, AI has appeared in many theatre productions as well as television commercials and shows such as CBS' daytime drama 'As The World Turns.' AI began seriously

working on music 17 years ago, but it was not until after he had a near death experience that he undertook music full time. Al comes from a family of deeply talented individuals. His grandfather was a concert pianist. Al's mother was a ballerina and his father a professor and poet. His extended family includes the late 1800's Argentinean famed writer Miguel Can. As a result, Al has been surrounded by an eclectic blend of music, literature and art since he was very young. Since the release of Al's debut CD 'Shadows,' music has taken over and has become his sole work. Through deep reflection and an awareness of the world around him, Al transfers emotions and images into music that soothes the soul. Al currently divides his time between New York City and Vermont. However, he finds himself drawn back to the peaceful mountains and green forests of Vermont, his true home and a place he deeply loves.
