

Mp3 Paul "red" Wilson - The Lord Is Coming

[DOWNLOAD HERE](#)

Christian rock, rhythm/blues, contemporary worship, with passionate vocals and awesome guitar is sure to move and inspire you. 11 MP3 Songs ROCK: Classic Rock, BLUES: Blues-Rock Details: Paul "Red" Wilson has been in the ministry for over 25 years after being delivered from a life of drugs and alcohol. An accomplished musician and songwriter, he had achieved a measure of success in the rock and roll music industry of the 70's, and was offered two recording contracts with major record labels just prior to his conversion. Red wholeheartedly gave his heart to Jesus, studied for the ministry and was ordained as a pastor and evangelist. He is currently pastor of Aggressive Ministries in Washington. Red relentlessly pursues ministry with a passion for souls. He develops training for lay ministry workers with a heartbeat to equip the body of Christ, sending them out to reach the world for Jesus, in the character, power, and love Jesus demonstrated when He walked the earth. Red has worked as a police chaplain and hostage negotiator for three different police departments. He ministers to prisoners, gang members, bikers, and the very toughest of lives. He also has served as President of the Puyallup chapter of the Full Gospel Businessmen. He is a member of the Christian Cursaders motorcycle ministry and is also a chaplain and trainer for the International Fellowship of Chaplains, a first-response organization for emergency and disaster events. Red continues to write songs and uses his talent to minister through music, playing actively in churches and ministry outreaches. "The Lord Is Coming" is Red's fourth album release since becoming a Christian. This album takes the listener on a motivational journey that parallels the walk of a Christian from salvation, walking with the Lord, Redemption, Deliverance, the Lord's Return, and the final battle. LifeSounds is proud to sponsor Red on our label.
