

# Mp3 Mark Thunderwolf - Totem...the Winged Ones

[DOWNLOAD HERE](#)

With much success of his first two releases, Mark has taken Native American flute music to a new level. The healing songs here inspired by the eagle, hawk, heron and many other birds shine through, leave you absolutely breathless and wanting more. 14 MP3 Songs WORLD: Native American, NEW AGE: Healing Details: TotemThe Winged Ones is the first of a four CD set honoring the seven directions. Each song brings medicine of strength and healing from the animals of the earth. Through inspiration of places he has been and his deep Lakota and Cherokee roots Mark has learned to listen to his elders and share the gift that was given to him. With his strong connection with eagles, hawks and other birds, Mark listened to the Old Ones and brought songs of intense healing and meditation to a new level. This CD will allow you, the listener, to feel the wind against each feather, see the canyons, rocks and trees below and feel the cool, crisp water in the creeks and lakes. This is a must have for your collection of Native American flute music and the perfect addition to Mark's first two CD's!
