I know you dont because RATANGO is a new rhythm and dance! And I mean really new! RATANGO is a new style of dance that fuses the passion of the Tango, the heart of Hip Hop, and the power of Rap. I selected very popular tangos from the golden age in Argentina, translated them into the English language and mixed them with the rhythmic beat of hip hop. Also, the cultural movement of rap seduced and inspired me to include rap lyrics in my songs. All these components working together gave birth to this sensual music and dance. And now, let me introduce you to RATANGO! Enjoy! Kisses, Marina Dorell * * * * *
