The transformational fire ceremony is celebrated on the full moon of each month. We are able to honor the intention of this ceremony with each and every personal thought and action. This music is for honoring those moments. 3 MP3 Songs WORLD: Native American, NEW AGE: Healing Details: This is a very important CD if you desire to hear and experience a transformational fire ceremony. This was recorded in ceremony while Alberto Villoldo, myself and about fifty people were immersed in this ceremony in Chaco Canyon, New Mexico. Other sounds recorded in Machu Picchu are used, providing a rich sonic texture. Immerse yourself in sacred Mother Earth Sounds and chants.
