When her youngest child was diagnosed with Autism a decade ago, she was feeling overwhelmed by stress. She began studying and practicing various relaxation and meditation techniques. Jennifer wanted to do everything in her power to assist her son to achieve his greatest potential. She began making her own affirmation tapes over 10 years ago. She removed confusing pronouns and difficult language that were in most of the commercial tapes available. She began using subliminal technology and guided meditation/visualization soon after to energetically go deep inside the brain and invite healing light to clear the structures. Jennifer feels that these transformational tools have changed her life and that of her entire family. She now wants to share these powerful healing CDs with you. Lawrence Ph.D Meditation Workshop Facilitator,Writer Lawrence's first spiritual awakening came at age 9. This experience lead him on a 30 year path of self-discovery and study. During this time, Lawrence also studied physics, yoga, spirituality, neuroscience, meditation, semiotics, computer science, philosophy, anatomy, meta-physics, psychology, NLP, hypnosis, art therapy, massage therapy, film, marketing and business. This CD series represents a culmination of 30 years of experience with altering neural pathways for change. People who are interested in should consider this download.
