Jazz Fusion/Electronica/Radical Bass Player 11 MP3 Songs JAZZ: Jazz Fusion, ELECTRONIC: Experimental Details: "The Book of Flame brings together the thorny mathematics of Michael Manring's tuning theories with his wide-ranging artistic vision, the unalloyed metal aggression of Thonk with the melodic and textural sensibilities of Drastic Measures, the icy austerity of electronica and the sensuality of Afro-Asian modes and rhythms. The resulting construction could collapse under its own weight if not for Michael's maturing compositional sense and his always-lurking sense of humor." Bass Player Magazine
