

Woodland Birds, Sounds For Relaxation And Meditation Mp3

[DOWNLOAD HERE](#)

This wonderful recording of a New England dawn in Spring features Eastern Towhees, woodpeckers, Mourning Doves and many other birds, as they go about their early morning rituals of courtship and territoriality in a meadow adjacent to water. The sound of a nearby creek adds a white noise-like backdrop of sound. Approximately half an hour long. Go to moodstreamsfor more soundtracks and samples.
