

# Bio-mechanic Beats 2 Loop Sample Collection Acid .wav Format

[DOWNLOAD HERE](#)

Perimeter Sound Arts presents : Bio-Mechanic Beats II. Drum machines revolting, refusing to be defined by ones & zeroes. Real world percussion one-shots reordered and dressed up like robots. Back to the rhythmic future to spice up your productions today. This new collection of beats & percussion loops are all over the map in a good way, from 70bpm to 180bpm, and every tempo and style from hip-hop to industrial and dance, to high speed drum-n-bass. Variety, usefulness, and value in a 525meg pack containing 870 loops sorted in to 3 folders - 'Less Fx', 'More Fx', and 'Percussion HiHats'. Check the mp3 sound sample to hear a few of the loops layered in Acid, to get an idea of some of the kinds of rhythmic beds you can quickly & easily build up with this set. All loops samples are in Acidized .wav format, but since they are non-pitched and have the tempo information in the filename, they are just as compatible with Mac music applications like Garageband and such.
